December 1 Child Count: General Information

Introduction

The Special Education Reporting and Verification System managed by the Pennsylvania State Data Center, Penn State Harrisburg, verifies and reports information about Special Education students. Information for the December 1 Child Count includes Child Count Data and Table 14 (Parentally Placed with an Equitable Participation Services Plan) for federal, state and public reporting. For the Child Count data, PIMS supplies the individual school age student records needed for reporting. OCDEL supplies the EI Preschool student records. The LEA, through the Intermediate Unit, supplies Table 14 data specified in this guide. The table is combined with the Child Count files and submitted to the Federal Department of Education. The Intermediate Unit works with the LEA to clean the data, getting it ready for submission to PIMS, federal reporting and ad-hoc reports providing information to the Department of Education.

Submission of December 1 Child Count Data

To validate data prior to the required PIMS submission, an LEA sends their Special Education Snapshot file and/or PIMS Student Template file to the Intermediate Unit (IU). The IU uploads the file(s) to **Special Education Reporting and Verification System (SpotChecker)** (<https://spotchecker.hbg.psu.edu>), where the file(s) will be reviewed for errors. The errors are available for download by the user. The LEA should make corrections to the Special Education Snapshot file and/or the Student Template file. This process should be repeated until the data file is free of errors.

When the data file is error-free, Comparison Reports by LEA are available for download through the SpotChecker. The Comparison Reports display the data submitted by the LEA compared to the data submitted last year. The LEA should review the Comparison Reports and correct any issues in their files. Once all issues are resolved, the LEA may upload the file(s) to PIMS. **Just a reminder, when all files are clean, PSU will identify possible duplicate student records across IUs and will send a list of these students to relevant IUs via email. LEAs and Intermediate Units will determine if the child(ren) should be included in their file and make the appropriate change in their PIMS submission.**

EI Preschool data from PELICAN will be provided to PaSDC by OCDEL. The EI Preschool data will be combined with the school age data and PaSDC will identify possible duplicate records. **LEAs and Intermediate Units will need to work with OCDEL to determine if the child(ren) should be included in the school age or preschool submission and make appropriate changes to their PIMS submission.**

Final Comparison Reports are created once all files are uploaded to PIMS. The final Comparison Reports by LEA compare the data submitted this year to the data submitted last year by disability, race, gender, LEP, and educational environment. The LEA should work with the IU on any issues. The LEA must supply the IU with justifications for any data changes. The LEA and the IU must verify that the data supplied is accurate.

The final data in PIMS is used for federal, state and public reporting. The data is also used for public reporting and to develop ad-hoc reports, for the Department of Education.

The December 1 Child Count consists of the following:

1. Only active students with a valid IEP on December 1, 2023.
2. District of Residences / Charter Schools which fall within the IU boundaries must report students or send a verification stating that there are no students with a valid IEP on December 1, 2023.

The December 1 Child Count Format is as follows:

1. Two comma delimited files:
 - a. Student Template in the same format as the PIMS file. (optional in SpotChecker)
 - b. Special Education Snapshot in the same format as the PIMS file.

Table 1-3 Submission

Tables 1-3 - Includes the number of full-time equivalent personnel *employed or contracted* to work with children with disabilities, ages 3-21 by LEA, based on or around the December child count date.

Table 14 Submission

Table 14 is submitted by the IU via the Special Education Reporting and Verification System (SpotChecker). **Table 14 is a list of students who are parentally placed in private school who were evaluated and found eligible for special education services by the IU/SD as of 12/1/2023.** It is a required submission. The table should be uploaded to the SpotChecker file submission website (<https://spotchecker.hbg.psu.edu>), and processed to check for any errors. The errors are available for download by the user for correction and resubmission. This process is repeated until the data file is error-free.

When the file is error-free, the IU will submit the final data to PSU through the SpotChecker. Comparison Reports will be created to be sent to the IU. The Comparison Reports show the data submitted this year compared to last year by disability, gender, race, LEP and educational environment. The IU should review the Comparison Reports and correct any issues in the files. To make corrections, the IU uploads Table 14 to the SpotChecker again, runs edit checks to identify errors, and notifies PSU when clean. The IU must supply reasons for any flags and verify the data are accurate.

The tables must meet the following criteria:

1. Comma delimited file, one file per IU.
2. An Excel template is available on the PennData website, but the file submitted **must be comma delimited**.

Transmission of December 1 Child Count Files

The IU may upload all files using the SpotChecker. Information on data type, type of file, total records, etc., will need to be entered when appropriate. The SpotChecker enables users to run December edit checks, review errors reports, and receive Comparison Report downloads when clean.

Final December 1 files must be uploaded to PIMS during the submission window. Once the PIMS submission window has closed, PSU will provide a list of LEAs missing data.

Confidentiality

The PSU team assures that the information received via the IUs will be kept confidential.

Duplicate resolution

Intermediate Units and LEAs are responsible for resolving duplicate student records within their IU prior to submitting child count files. The LEAs and Intermediate Units will determine if the child should be included in the file.

When all files are clean, PSU will identify potential duplicate student records across IUs and send a list of such to relevant IUs via the SpotChecker. LEAs and IUs will determine if the child should be included in the file and make appropriate changes to the PIMS submission.

Timeline

The IUs and LEAs must follow the timeline in this manual. (Reminder: student data must be received by **December 15, 2023** in order to receive a SpotChecker Comparison Report.) **PSU encourages IUs to send files through the SpotChecker as early as possible so that all errors will be corrected by December 15, 2023 for the December 1 Child Count.** The SpotChecker will remain open through January for IUs to submit and review for errors.

Comparison Reports – December 1 Child Count

Once LEA data has been uploaded to the SpotChecker and processed without errors, the IU can view and download SpotChecker Comparison Reports listed below. Each report contains LEA summaries for the current year submission and the prior year submission, along with the difference and percent difference between the two years of data. The reports will help the IU/LEA detect data issues prior to their official PIMS submission.

SpotChecker Comparison Reports:

1. School Age:
 - School Age Disability by SD
 - School Age Educational Environment by SD
 - School Age Race by SD
 - School Age LEP by SD

At the close of the of the PIMS submission window, the IU will receive Preliminary Comparison Reports based on information from PIMS.

Once all data issues are corrected and the files have been re-submitted to PIMS by the LEA, a full set of Final Comparison Reports will be sent to the IU. Final Comparison Reports must be returned **with justifications for data changes.**

Final Comparison Reports:

2. School Age:
 - School Age Disability by SD
 - School Age Educational Environment by SD
3. For each Aggregate Table 1-3
4. Table 14 by IU

Sign off and Validation of Data

The IUs will ensure at the time of data submission that the Child Count file is true and accurate. Once all PIMS files are accepted as final and accurate, and a final PIMS file is sent to PSU, the following verify reports will be sent for verification to each IU:

1. Verify 1 by IU and by LEA (3-21)
 - Disability by Age
 - Disability by Race
 - Disability by Gender
 - Disability by LEP
2. Verify 2 by IU and LEA (One Report per IU)
 - Disability (School Age)
3. Verify 3 by IU and LEA (One Report per IU)
 - Ages 3 – 6 (Preschool)
4. Verify 4 by IU and by LEA (School Age)
 - Educational Environment by Disability
 - Educational Environment by Race
 - Educational Environment by Gender
 - Educational Environment by LEP

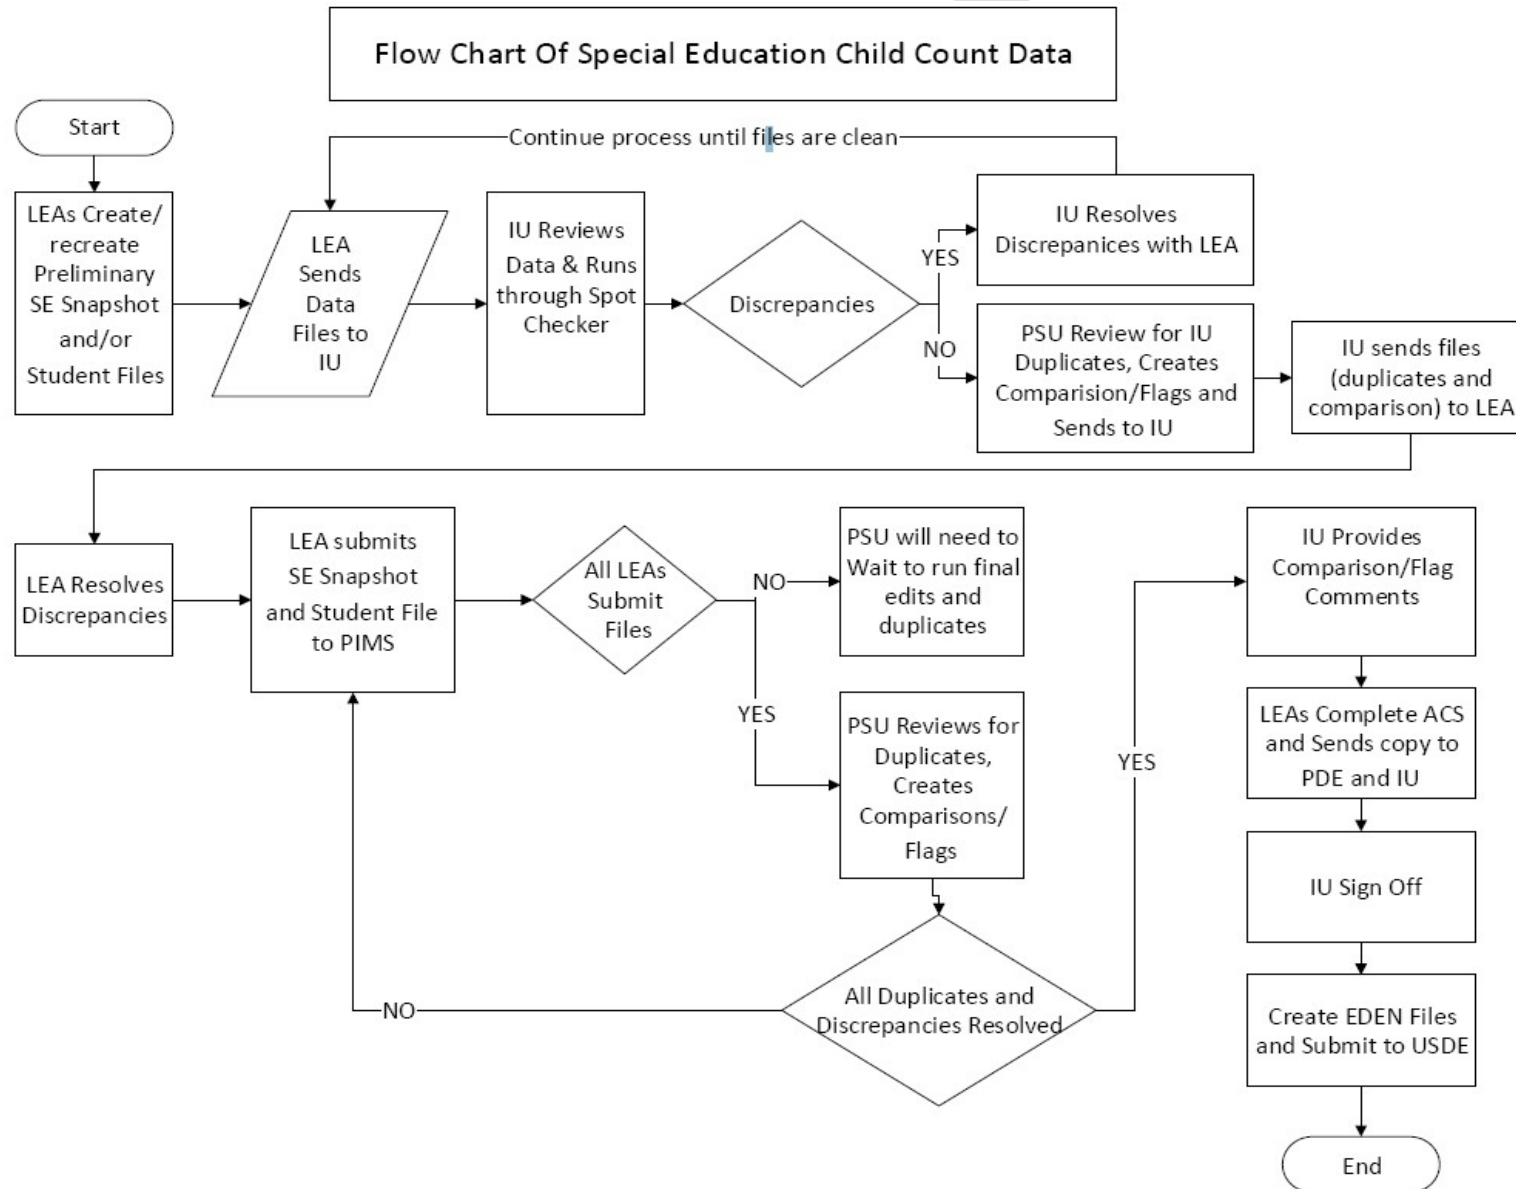

5. Verify 5 by IU and by LEA (Preschool)
 - Educational Environment by Disability
 - Educational Environment by Race
 - Educational Environment by Gender
 - Educational Environment by LEP
6. Verify 6 Total Count By IU and LEA (One Report per IU)
 - Special Education Enrollment by Preschool, SA and Total
7. Verify Tables 1-3 by IU
 - Personnel
8. Verify Table 14 by IU and LEA (One Report per IU)
 - Parentally Placed in Private School Determined Eligible under IDEA Regulations by No Service Plan, Service Plan and Total

Upon review of the data, a sign-off is required from all IUs. The IU Executive Director or his/her designee will need to sign the sign-off Sheet. A sample Sign-off Sheet can be found in this manual.

Data Assumptions

1. All students will be reported by the District of Residence.
2. All students enrolled in Charter Schools will be reported by the Charter School.
3. 1305 students in a foster home will be reported where the student resides with the foster parents.
4. 1306 students will be reported by the District of Residence

December 1 Child Count Formatting Information

General Formatting Information for Export Files

All data export files must be in standard ASCII comma-delimited format, either CSV or text format. Each line must be terminated by a carriage return and line feed combination. Files must be in an MS-DOS compatible file format.

December Child Count Data

The two files, Student Template (optional in SpotChecker) and Special Education Snapshot, will contain a row of data for each student. The Student Template contains **226 values per row**, each separated by a comma (for a total of 225 commas per row). The Special Education Snapshot contains **80 values per row**, each separated by a comma (for a total of 79 commas per row). Two consecutive commas indicate a 'blank' value for the field.

Be sure to include leading zeroes where necessary. Dates should be formatted as YYYY-MM-DD. See example below.

See the updated PIMS Manual for more detailed descriptions.

December 1 File Formatting Information

General Formatting Information for Export Files

All data export files must be in standard ASCII comma-separated variable (CSV) format, sometimes called “comma delimited text.” Each line must be terminated by a carriage return and line feed combination. Files should be named as indicated in this document and must be in an MS-DOS compatible file format.

How are FTE of paraprofessional reported by qualification status?

FTE is reported as either qualified or not qualified. Qualification status depends on whether paraprofessionals are included in the state's definition of qualified based on the criteria identified in 20 U.S.C. 1412(14)(B).

- If paraprofessionals are included, then paraprofessionals must meet the State standard for qualified based on the definition.
- If paraprofessionals are not included in the definition, then paraprofessionals are considered qualified for the FTE if they either:
 - Hold the appropriate State certification or licensure for the position held, or
 - Hold a position for which no State requirements exist (*i.e.* certification or licensure requirements).

Paraprofessionals who do not meet the standards listed above for qualified are reported as not qualified.

7. Teachers

How are teacher FTE reported by Qualification Status (Special Education Teacher)?

FTE is reported as either fully certified or not fully certified. Report teachers as fully certified based on the following qualifications:

A person employed as a special education teacher in the State who teaches elementary school, middle school, or secondary school:

- Has obtained full State certification as a special education teacher (including certification obtained through participating in an alternate route to certification as a special educator, if such alternate route meets minimum requirements described in section 200.56(a)(2)(ii) of title 34, Code of Federal Regulations, as such section was in effect on November 28, 2008), or passed the State special education teacher licensing examination, and holds a license to teach in the State as a special education teacher, except with respect to any teacher teaching in a public charter school who shall meet the requirements set forth in the State's public charter school law;
- Has not had special education certification or licensure requirements waived on an emergency, temporary, or provisional basis; and
- Holds at least a bachelor's degree.

Report teachers who do not meet the qualifications for fully certified (as listed above) for the position in which they are employed as not fully certified.

6. Report Related Services personnel as Fully Certified or Not Fully Certified.
7. Related Services

How are staff reported by certification status?

Include the FTE of personnel as 'fully certified' if they:

- Hold appropriate State certification or licensure for the position held; or
- Hold positions for which *no* State requirements exist (i.e., no certification or licensure requirements).^[1]

Include the FTE of personnel as 'not fully certified' if they:

- Did not hold standard State certification or licensure for the position to which they were assigned, or
- Did not meet other existing State requirements for the position.

These “not fully certified” individuals may be personnel employed on an emergency, provisional, or other basis (e.g. long term substitutes) if they do not hold standard state certification or licensure for the position to which they were assigned or if they did not meet other existing state requirements for the position

The following are types of related services personnel categories that are the permitted values for “Staff Category (Special Education Related Service).”

1. Audiologists (**AUDIO**) - provide the following services to children with disabilities:
 - Identification of children with hearing loss;
 - Determination of the range, nature, and degree of hearing loss, including referral for medical or other professional attention for the habilitation of hearing;
 - Provision of habilitative activities, such as language habilitation, auditory training, speech reading (lip-reading), hearing evaluation, and speech conservation;
 - Creation and administration of programs for prevention of hearing loss;
 - Counseling and guidance of children, parents, and teachers regarding hearing loss; and
 - Determination of the children’s needs for group and individual amplification, selecting and fitting an appropriate aid, and evaluating the effectiveness of amplification.
2. Speech-language pathologists (**SPEECHPATH**) - provide the following services to children with disabilities:
 - Identification of children with speech or language impairments;
 - Diagnosis and appraisal of specific speech or language impairments;
 - Referral for medical or other professional attention necessary for the habilitation of speech or language impairments;
 - Provision of speech and language services for the habilitation or prevention of communicative impairments; and
 - Counseling and guidance of parents, children, and teachers regarding speech and language impairments.

Note – This does not include speech teachers who are reported in FS070 Special Education Teachers or FS112 Special Education Paraprofessionals.

3. Interpreters (**INTERPRET**) - provide services to children who are deaf or hard of hearing, including:
 - Oral transliteration services;
 - Cued language transliteration services; and
 - Sign language interpreting services.

4. Psychologists (**PSYCH**) - provide the following services to children with disabilities or in evaluations for special education eligibility:
- Administering psychological and educational tests, and other assessment procedures;
 - Interpreting assessment results;
 - Obtaining, integrating, and interpreting information about child behavior and conditions relating to learning;
 - Consulting with other staff members in planning school programs to meet the special needs of children as indicated by psychological tests, interviews, direct observations, and behavioral evaluations;
 - Planning and managing a program of psychological services, including psychological counseling for children and parents; and
 - Assisting in developing positive behavioral intervention strategies.

Note – For reporting psychologists whose service time is divided between children with disabilities (IDEA) and children in the general population, base the reported FTE on only the percentage of time the psychologist works specifically with children receiving (or being evaluated for) special education and related services.

5. Occupational therapists (**OCCTHERAP**) - provide the following services to children with disabilities:
- Improving, developing or restoring functions impaired or lost through illness, injury, or deprivation;
 - Improving ability to perform tasks for independent functioning if functions are impaired or lost; and
 - Preventing, through early intervention, initial or further impairment or loss of function.
6. Physical therapists (**PHYSTHERAP**) - provide the following services to children with disabilities:
- Screening, evaluation, and assessment of children to identify movement dysfunction;
 - Obtaining, interpreting, and integrating information appropriate to program planning to prevent, alleviate, or compensate for movement dysfunction and related functional problems; and
 - Providing individual and group services or treatment to prevent, alleviate, or compensate for movement dysfunction and related functional problems.
7. Physical education teachers and recreation and therapeutic recreation specialists (**PEANDREC**) – provide the following services to children with disabilities:
- Special physical education, adaptive physical education, movement education, or motor development to children and youth with disabilities; and/or
 - Assessment of leisure function;
 - Therapeutic recreation services;
 - Recreation programs in schools and community agencies; and
 - Leisure education.
8. Social workers (**SOCIALWORK**) - provide the following services to children with disabilities:

- Preparing a social or developmental history on a child with a disability;
 - Group and individual counseling with the child and family;
 - Working in partnership with parents and others on those problems in a child's living situation (home, school, and community) that affect the child's adjustment in school;
 - Mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program; and
 - Assisting in developing positive behavioral intervention strategies.
9. Medical/Nursing service staff (**MEDNURSE**) – personnel who provide medical and nursing services including:
- Medical services for diagnostic and evaluation purposes provided to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs.
 - Nursing services designed to enable a child with a disability to receive FAPE as described in the child's IEP, with the exception of services related to medical devices that are surgically implanted (e.g., cochlear implants).
10. Counselors and rehabilitation counselors (**COUNSELOR**) – provide the following services to children with disabilities:
- Guide individuals, families, groups, and communities by assisting them in problem solving, decision-making, discovering meaning, and articulating goals related to personal, educational and career development.
 - Provide services in individual or group sessions that focus specifically on career development, employment preparation, achieving independence, and integration in the workplace and community of a student with a disability.
 - Vocational rehabilitation services provided to a student with disabilities by vocational rehabilitation programs funded under the Rehabilitation Act of 1973, as amended.
11. Orientation and mobility specialists (**ORIENTMOBIL**) – personnel who provide orientation and mobility services including:
- Services provided to blind or visually impaired students by qualified personnel to enable those students to attain systematic orientation to and safe movement within their environments in school, home, and community; and
 - Teaching students the following, as appropriate:
 - Spatial and environmental concepts and use of information received by the senses (such as sound, temperature and vibrations) to establish, maintain, or regain orientation and line of travel (e.g., using sound at a traffic light to cross the street);
 - To use the long cane or a service animal to supplement visual travel skills or as a tool for safely negotiating the environment for students with no available travel vision;
 - To understand and use remaining vision and distance low vision aids; and
 - Other concepts, techniques, and tools.

- 1) SpotChecker Comparison Report downloads are available for error-free files that are submitted through the SpotChecker by **12/15/2023**.
- 2) LEAs will upload the files to PIMS by **12/15/2023**.
- 3) The PaSDC will send preliminary comparison reports based on PIMS data as of **12/15/2023**. Final comparison reports will be sent one week after receipt of the final PIMS file. Justifications for final comparison reports **are due to PaSDC one week from receipt of the reports by IUs**.
- 4) Once all corrections have been processed, Verify Reports will be sent to each IU by **2/23/2024**. The Authorization Form should be signed by the IU Executive Director or their designee. The appropriate boxes should be checked on the form after final review and verification.
- 5) The Authorization Form should be emailed to penndata@psu.edu, by **3/11/2024 unless otherwise specified by PaSDC**. Include copies of pages that note any data changes made (see sample report with changes noted on page 29).
- 6) Authorization forms and individual IU reports will be retained by the PaSDC.
