How are FTE of paraprofessional reported by qualification status?

FTE is reported as either qualified or not qualified. Qualification status depends on whether paraprofessionals are included in the state's definition of qualified based on the criteria identified in 20 U.S.C. 1412(14)(B).

- If paraprofessionals are included, then paraprofessionals must meet the State standard for qualified based on the definition.
- If paraprofessionals are not included in the definition, then paraprofessionals are considered qualified for the FTE if they either:
 - Hold the appropriate State certification or licensure for the position held, or
 - Hold a position for which no State requirements exist (*i.e.* certification or licensure requirements).

Paraprofessionals who do not meet the standards listed above for qualified are reported as not qualified.

7. Teachers

How are teacher FTE reported by Qualification Status (Special Education Teacher)?

FTE is reported as either fully certified or not fully certified. Report teachers as fully certified based on the following qualifications:

A person employed as a special education teacher in the State who teaches elementary school, middle school, or secondary school:

- Has obtained full State certification as a special education teacher (including certification obtained through participating in an alternate route to certification as a special educator, if such alternate route meets minimum requirements described in section 200.56(a)(2)(ii) of title 34, Code of Federal Regulations, as such section was in effect on November 28, 2008), or passed the State special education teacher licensing examination, and holds a license to teach in the State as a special education teacher, except with respect to any teacher teaching in a public charter school who shall meet the requirements set forth in the State's public charter school law;

INSTRUCTIONS FOR COMPLETING TABLE 9A

Table 9A is a required submission.

UNILATERAL REMOVAL to an INTERIM ALTERNATIVE EDUCATIONAL SETTING BY SCHOOL PERSONNEL:

Column 1A - Each child is counted ONLY 1 time no matter how many Unilateral Removals the student had for any of the reasons in column B, C, or D. Also Column 1A total must match on all 4 tables. The total for this column MUST be the same on all 4 tables.

Column 1B, 1C, 1D - The sum of these 3 columns will be equal to or greater than Column 1A. Example: A student was removed 3 times for serious bodily injury. The student will be counted 1 time in column 1A and 3 times in column 1D. The total for this column MUST be the same on all 4 tables.

REMOVALS to an INTERIM ALTERNATIVE EDUCATIONAL SETTING BASED on a HEARING OFFICER DETERMINATION REGARDING LIKELY INJURY

Column 2 - The student MUST be removed based on a Hearing Officer Determination to be placed in this column. **The total for this column MUST be the same on all 4 tables. Report only Hearing Officers employed by Office for Dispute Resolution (ODR).**

OUT-OF-SCHOOL SUSPENSIONS OR EXPULSIONS

Column 3A, 3B - Each child is counted ONLY 1 time no matter how many times the student was suspended or expelled. You must total the number of days the student was suspended or expelled and will count ONLY 1 time in column 3A if the total number of days is 10 days or less, or will count ONLY 1 time in column 3B if the total number of days is greater than 10 days. The total for columns 3A and 3B MUST be the same on all 4 tables. When calculating cumulative days of in- and out-of-school suspension, include **children who have cumulatively been suspended** for half a school day in length and longer. Do not include **children who have cumulatively been suspended** for less than half a school day.

A child should be counted in only one of the first three columns (1A, 2, or 3) for the same offense. If a child is unilaterally removed for drugs and reported in column 1A, then do NOT report the child again in column 3 for the same incident. Similarly, if a child is removed by a hearing officer for likely injury and is reported in column 2, then do NOT report the child again in column 3 for the same incident.

A child with more than one offense could be counted in more than one column (1A, 2, or 3). For example, a child who was unilaterally removed to an interim alternative educational setting and, later in the school year, was subject to an out-of-school suspension for more than 10 school days for a separate offense, should be reported in both column 1A and column 3.

IN-SCHOOL SUSPENSIONS

Column 4C, 4D - Each child is counted ONLY 1 time no matter how many times the student was suspended in school. You must total the number of days the student was suspended in school and will count ONLY 1 time in column 4C if the total number of days is 10 days or less, or will count ONLY 1 time in column 4D if the total number of days is greater than 10 days. The total for columns 4C and 4D MUST be the same on all 4 tables. . When calculating cumulative days of in- and out-of-school suspension, include **children who have cumulatively been suspended** for half a school day in length and longer. Do not include **children who have cumulatively been suspended** for less than half a school day.

NOTE: If a child has both in-school and out-of-school suspensions in the same school year, that same child can be reported in both column 3A or 3B and column 4A or 4B.

DISCIPLINARY REMOVALS

Column 5A - This is the TOTAL number of removals.

Example: A student was suspended 3 different times for 5 days each. The student will be counted as 3 removals in column 5A and counted 1 time in column 5D because the total number of days was greater than 10.

Column 5B, 5C, 5D - Each child is counted ONLY 1 time no matter how many times the student was removed. You must total the number of days the student was removed and will count ONLY 1 time in column 5B if the total number of days is 1, or will count ONLY 1 time in column 5C if the total number of days is between 2 to 10 days, or will count ONLY 1 time in column 5D if the total number of days is greater than 10 days. The total for columns 5A, 5B, 5C, and 5D MUST be the same on all 4 tables.

*Column 5 is a report of disciplinary removals. In column 5A, report the number of times any child with a disability was subject to any kind of disciplinary removal during the school year. When counting disciplinary removals, include in-school suspensions, out-of-school suspensions, expulsions, removals by school personnel to an interim alternative educational setting for drug or weapon offenses or serious bodily injury, and removals by hearing officer for likely injury to self or others. Note that column 5A is a report of disciplinary events, NOT, children. If a child has more than one disciplinary removal in the school year, then each removal should be reported in column 5A.

COLUMN CHECKS

Columns 1A, 2, 3A, 3B, 4C, 4D, 5B, 5C, 5D must contain a Y or N for Yes or No

To be included in Table 9A, at least one of the Y/N columns must contain a Y

If sum of columns 1B, 1C, 1D > 0 then 1A must be Y

If 1A = Y, then the sum of 1B, 1C, 1D > 0

Only one of columns 3A and 3B may contain a Y

Only one of columns 4C and 4D may contain a Y

To be included in Table 9A, column 5A must be greater than 0

To be included in Table 9A, one and only one of columns 5B, 5C, 5D must contain a Y

There must be a Y contained in one or more of (1A, 2, 3A, 3B, 4C, 4D)
