When calculating cumulative days of in- and out-of-school suspension, include **children who have cumulatively been suspended for** half a school day in length and longer. Do not include **children who have cumulatively been suspended for** less than half a school day.

A child should be counted in only one of the first three columns (1A, 2, or 3) for the same offense. If a child is unilaterally removed for drugs and reported in column 1A, then do NOT report the child again in column 3 for the same incident. Similarly, if a child is removed by a hearing officer for likely injury and is reported in column 2, then do NOT report the child again in column 3 for the same incident.

A child with more than one offense could be counted in more than one column (1A, 2, or 3). For example, a child who was unilaterally removed to an interim alternative educational setting and, later in the school year, was subject to an out-of-school suspension for more than 10 school days for a separate offense, should be reported in both column 1A and column 3.

IN-SCHOOL SUSPENSIONS

Column 4C, 4D - Each child is counted ONLY 1 time no matter how many times the student was suspended in school. You must total the number of days the student was suspended in school and will count ONLY 1 time in column 4C if the total number of days is 10 days or less, or will count ONLY 1 time in column 4D if the total number of days is greater than 10 days. The total for columns 4C and 4D MUST be the same on all 4 tables. . When calculating cumulative days of in- and out-of-school suspension, include **children who have cumulatively been suspended for** half a school day in length and longer. Do not include **children who have cumulatively been suspended for** less than half a school day.

NOTE: If a child has both in-school and out-of-school suspensions in the same school year, that same child can be reported in both column 3A or 3B and column 4A or 4B.

DISCIPLINARY REMOVALS

Column 5A - This is the TOTAL number of removals.

Example: A student was suspended 3 different times for 5 days each. The student will be counted as 3 removals in column 5A and counted 1 time in column 5D because the total number of days was greater than 10.

Column 5B, 5C, 5D - Each child is counted ONLY 1 time no matter how many times the student was removed. You must total the number of days the student was removed and will count ONLY 1 time in column 5B if the total number of days is 1, or will count ONLY 1 time in column 5C if the total number of days is between 2 to 10 days, or will count ONLY 1 time in column 5D if the total number of days is greater than 10 days. The total for columns 5A, 5B, 5C, and 5D MUST be the same on all 4 tables.

*Column 5 is a report of disciplinary removals. In column 5A, report the number of times any child with a disability was subject to any kind of disciplinary removal during the school year. When counting disciplinary removals, include in-school suspensions, out of-school suspensions, expulsions, removals by school personnel to an interim alternative educational setting for drug or weapon offenses or serious bodily injury, and removals by hearing officer for likely injury to self or others. Note that column 5A is a report of disciplinary events, NOT, children. If a child has more than one disciplinary removal in the school year, then each removal should be reported in column 5A.

How are counts reported by removal length?

The removal length is the cumulative length of removals during the school year.

A child with less than 0.5 cumulative days should not be reported.

A child with greater than or equal to 0.5 and less than 1.5 cumulative days should be counted in 5B

A child with greater than or equal to 1.5 and less than or equal to 10.0 cumulative days should be counted in 5C

A child with greater than 10.0 cumulative days should be counted in 5D

How to report Multiple Disciplinary Actions for the Same Incident

If a student receives multiple disciplinary actions for the same incident, only report the highest or more "severe" sanction.

Ex. Student receives 5 days of ISS and 5 days of OSS for the same infraction. Report ONLY the 5 days of OSS and report ONE removal.

This applies to both Table 9A and Safe Schools Reporting

COLUMN CHECKS

Columns 1A, 2, 3A, 3B, 4C, 4D, 5B, 5C, 5D must contain a Y or N for Yes or No

To be included in Table 9A, at least one of the Y/N columns must contain a Y

If sum of columns 1B, 1C, 1D > 0 then 1A must be Y

If 1A =Y, then the sum of 1B, 1C, 1D > 0

Only one of columns 3A and 3B may contain a Y

Only one of columns 4C and 4D may contain a Y

To be included in Table 9A, column 5A must be greater than 0

To be included in Table 9A, one and only one of columns 5B, 5C, 5D must contain a Y

There must be a Y contained in one or more of (1A, 2, 3A, 3B, 4C, 4D)
